Re: Fall Shipping Procedures

Dear Macy's Vendor:

Macy's Transportation is streamlining our routing requirements to provide Macy's Buying Offices and Trading Partners better visibility to shipments and purchase orders. On September 3, 2007, all shipments consigned to any Macy's or Bloomingdale's distribution center should be submitted via FDSNET shipping for routing instructions. All shipments will receive a carrier assignment and authorization number from Macy's Transportation prior to shipping. This change simplifies routing for Macy's Trading Partners, while improving communication and collaboration on the status of inbound merchandise.

Please refer to the Macy's Transportation Routing Guide for further routing instructions at
