To: All Macy's and Bloomingdale's Vendors

Subject: Change in Format of Store to DC Matrix

October 1, 2008

In response to requests from our vendors, Macy's is pleased to announce that we are making the current store listings portion of the Macy's Routing Guide available in an excel format. Accordingly, the excel version has been posted to and is now available on <http://www.macysnet.com/>. Please note that the small ticket components continue to apply to soft home departments and are not to be included in the big ticket components. After December 1, 2008, only the excel version will be available on <http://www.macysnet.com/>. The new Excel versions are posted at:

- [Big Ticket Store to DC Listing \(Excel\)](#)
- [Small Ticket Store to DC Listing \(Excel\)](#)

In addition, please note that some of our mall location names have been changed. HOWEVER STORE LOCATION NUMBERS AND DISTRIBUTION CENTER (DC) HAVE **NOT** CHANGED.

If you have any questions regarding the excel store DC documents, please contact our technology office, at 513-782-3182.

We thank you for your continuing support.
